What Is PorkBridge?

PorkBridge is a distance educational tool that assists people involved with grow-finish swine operations with relevant and timely information. It consists of six teleconference sessions conducted by industry experts.

Content addresses daily decisions related to the grow-finish process, including:
- ventilation
- handling
- health regimens
- feed management

As A PorkBridge Participant, You...

- will have access to university and industry professionals with a variety of expertise.
- have no need to worry about time off from work, travel distance or inclement weather.
- can spend the session time wherever it best suits your schedule: at your home, office or swine unit.
- will gain valuable information to improve your operation through direct access to professionals six times a year.

Presenters And Topics

February 6, 2014
Optimizing Feed Efficiency to Maximize Your Bottom Line
Joel DeRouchey, Kansas State University

April 3, 2014
Are You Smarter Than Your Barn Controller?
Mike Brumm, Brumm Consulting

On-Farm Necropsies – Who, What, Where, When, and Why?
Locke Karriker, Iowa State University

What You Need to Participate
♦ Telephone access
♦ Computer with CD drive
♦ Email address and access (required for non-U.S. participants)

No Internet access needed to participate!

“I have been with the program from its start. It keeps me updated to some current topics. It is also a refresher for some topics I understand.”

FAQ

Is there a limit on the number of subscribers?
No, however, it’s best to register early to ensure you’ll receive materials prior to the first session.

Is there a limit on number of people per site?
No, each subscription includes one phone line. By using a speaker phone you can gather as many people as you like.

Submit your registration and payment by
January 15, 2014
to guarantee material receipt

“It’s a good way to receive information without tying up a whole day attending a seminar away from home.”
