

What Is SowBridge?

SowBridge combines electronic materials with live presentations from topic experts by teleconference 12 times each program year, typically on the first Wednesday of the month. All session audio is recorded to ensure participants don't miss a thing!

How does the program work?

- Prior to each session, participants receive session materials electronically.
- Participants call a toll-free number to participate (This is slightly different for subscribers from outside the U.S. and Canada.)
- At 11:30 a.m. Central Time, sessions begin and last no longer than an hour. Participants follow along with the presentation on their computer.
- At the end of the formal presentation, time is available for Q & A.

Why participate in SowBridge?

- Learn from the presenter's insight and also have the opportunity to ask questions of the expert and other participants, all from the comfort of your home, office or swine unit.
- Participate in educational opportunities without worrying about time away from work, travel distance, biosecurity issues or weather.

Registration Deadline:
January 15, 2019

SowBridge is brought to you by swine faculty and staff from these universities.

University of Minnesota

Lee Johnston 320-589-1711
Sarah Schieck 320-235-0726 ext. 2004

Iowa State University

Ken Stalder 515-294-4683

University of Nebraska—Lincoln

Benny Mote 402-472-6033

SowBridge participant comments

"We use them for staff training and sometimes use them several times to review them later."

"Great source of up to date information from experts."

"All materials can be gathered at the farm and we no longer need to get the CD by mail. One less item to enter into the facility."
