and justice for all

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its pro-
grams and activities on the basis of race, color, national origin, gender, religion, age,
disability, political beliefs, sexual orientation, and marital or family status. (Not all
prohibited bases apply to all programs.) Many materials can be made available in
alternative formats for ADA clients. To file a complaint of discrimination, write
USDA, Office of Civil Rights, Room 326-W, Whitten Building, 14th and Independ-
ence Avenue, SW, Washington, DC 20250-9410 or call 202-720-5964.

Issued in furtherance of Cooperative Extension work, Acts of May 8 and June 30,
1914, in cooperation with the U.S. Department of Agriculture. Jack M. Payne, director,
Cooperative Extension Service, Iowa State University of Science and Technology,
Ames, Iowa.
Morning sessions, 10 a.m.

Rob Knox, swine reproductive specialist, University of Illinois
You know what to do, but sometimes things go wrong. Learn how to “get it right” every time through case studies and expert insights.

John Mabry, director, ISU Iowa Pork Industry Center
Quality matings are important criteria to fill the crates. Learn the importance of a higher farrowing rate going into the profitable summer sales months.

Rodney “Butch” Baker, senior clinician, Food Supply Veterinary Medicine, VDPAM, ISU
PRRS is the #1 productivity problem in the industry, but myths surround both cause and control.

Lunch, 11:40 a.m.

Afternoon topic, 12:30 p.m.

Rob Knox
New technology will likely change the way you do business. No more heat checking? New estrus synchronization strategies? A successful timed one-service breeding program? Will you be able to put together these technologies in your operation?

Afternoon breakout sessions, 1:30 and 2:30 p.m. (break at 2:20 p.m.)

Duane Reese, extension swine specialist, University of Nebraska
Hear about the new National Swine Nutrition Guide diet formulator, and learn how to feed your breeding herd.

Butch Baker
Disease cleanup strategies related to PRRS, including proven methods of control and elimination.

Dave Stender, ISU Extension swine program specialist
Using performance/financial modeling and appropriate spreadsheets. Case studies on increasing high profit summer flows, gilt flow and effects of increasing weaning age to 24+ days.

John Mabry
This Q & A session offers the opportunity to visit about various spreadsheets (Group tracker, Sow Tracker, etc.) that can help you finetune your breeding program; genetics and management considerations.

Todd Stumpf, Danbred
Learn from some gilt development case studies, including how to put the George Foxcroft ideas (like “heat no service” gilts) to work on Iowa farms and adopting an idea to fit your system. Plus. Rob Knox will join Todd for a Q & A session.

Reserve your spot now by phone, fax or e-mail.

Fee is just $35 per person thanks to subsidies from these sponsors.

Multiple-attendee discount available.
