Who should attend?
→ Pork producers
→ Veterinarians
→ Other allied industry consultants

Topics covered:
♦ Colostrum Management
♦ Hands-on repro tracts (PCAI)
♦ Technology Update
♦ Vulva Evaluation
♦ Benchmarking
♦ Ideas for Improved Biosecurity

Sponsored by:

December 13
10 a.m. to 3 p.m.

Advanced Swine Reproduction Seminar

December 13, 2017
Registration: 9:30 a.m.
Program: 10:00 a.m. to 3:00 p.m.
ISU Extension and Outreach—Plymouth County Office/Convention Center
251 12th Street SE, Le Mars, IA 51031

Advanced Swine Reproduction Seminar Schedule

Keynote Speaker: Dr. Kara Stewart
Reproduction Specialist, Purdue University Department of Animal Science
1. Importance of Colostrum
   New research on colostrum management to increase piglet survival.
2. Post Cervical Artificial Insemination (PCAII) Demonstration
   Hands-on learning with reproductive tracts to understand insemination process.

Noon — Lunch

Dr. Jason Ross
Iowa Pork Industry Center Director
1. How Vulva Evaluation Can Predict Future Productivity
2. Ideas to Improve Reproductive Performance

Dave Stender
ISU Extension and Outreach Swine Field Specialist
1. Industry Benchmarking
2. Parity Distributions
3. Ideas to Improve Biosecurity Effectiveness

3:00 p.m. — Question and Answer Time
