Iowa Pork Producers Association

Advanced Swine Reproduction Seminar

December 12

Waverly Civic Center

200 1st Street NE
Waverly, IA 50677

10 a.m. to 3 p.m.
Advanced Swine Reproduction Seminar

Dec. 12 • Waverly Civic Center, 200 1st Street N.E., Waverly, Iowa
Civic Center is located on east side of river – 1 block north of Main Street (Hwy 3 – Bremer Ave.)

Registration: 9:30 a.m.  Program: 10 a.m. to 3:30 p.m.

Morning:

Keynote Speaker: Dr. Kara Stewart
Reproduction Specialist, Purdue University Department of Animal Science

1. Importance of Colostrum
   Share new research on colostrum management to increasing piglet survival

2. Post Cervical Artificial Insemination (PCAI) Demonstration
   Hands-on learning with repro tracts to understand insemination process

Noon — Lunch

Afternoon:

Dr. Jason Ross, Iowa Pork Industry Center director
Ross will discuss research results of how vulva evaluation can predict future productivity and will offer ideas to improve reproductive performance.

Mark Storlie, ISUEO Swine Field Specialist
Will discuss industry benchmarking, parity distributions, gilt selection and sow culling to increase herd productivity.
